

# North American Birds

A QUARTERLY JOURNAL OF ORNITHOLOGICAL RECORD PUBLISHED BY THE AMERICAN BIRDING ASSOCIATION

The mission of the journal is to provide a complete overview of the changing panorama of our continent's birdlife, including outstanding records, range extensions and contractions, population dynamics, and changes in migration patterns or seasonal occurrence. Each issue of *North American Birds* includes thirty four seasonal reports covering the entire North American continent and West Indies and Hawaii. The reports are a collection of sightings from active field birders and are crucial to understanding the population dynamics and conservation needs of North American birds. Paid circulation is 4,000. **New for subscribers! NOW AVAILABLE IN PRINT OR DIGITAL FORMATS.** Ask your sales rep for digital advertising options.
