Location: *Hyper Humus Marshes WMA,  
Lafayette, Sussex County, New Jersey*

Date and Time: *April 24, 2010, 8:00 a.m.*

*I found this bird while going on a youth bird walk at the Hyper Humus Marshes WMA in April. We were walking along the trail when we found a small flock of swans in one of the pools of the marsh. The swan was pretty indifferent to our approach along the path, so I took its picture.*
