Birding

VOL.39 • NO.6 • NOVEMBER/DECEMBER 2007

In this issue: Birding is unquestionably a human endeavor. Indeed, the name of our magazine—*Birding*, not *Birds*, or *Bird Biology*, or something—celebrates that reality. In this issue, we get inside the minds, emotions, and impressions of the real birders who constitute the ABA membership. *Cover painting: Glaucous-winged Gulls. Oil on linen by © Ray Nelson.*

More information on the cover painting available online <aba.org/pubs/birding/archives/vol39no6p5w1.pdf>.
